YOUNG & MOLDED ORG (PTY) LTD

CREATIVE SOLUTIONS. REAL IMPACT.

Technical Architecture & Website Development MVP Brief

Document Target: Web Development Team
Client Location: Johannesburg, South Africa
Primary Contact: youngandmoldedorg@gmail.com
Project Scope: Commercial Platform & Lead Engine

1. EXECUTIVE SUMMARY & CORE VISION

This document serves as the absolute specification for the development of the Young & Molded Org (Pty) Ltd Website MVP. The platform must not be developed as a passive corporate profile. It is architected as an active commercial lead engine, sales channel, and client acquisition system designed to scale into a full-featured portal and marketplace.

Core Commercial Journey:
DISCOVER → UNDERSTAND → TRUST → CHOOSE → ENQUIRE → BUY → RETURN

2. BRAND VISUAL IDENTITY STANDARDS

Colour Palette Palette Specification

- **Primary Dark:** Deep Black (#050505)
- **Secondary Dark:** Card Background (#111111)
- **Primary Accent:** Brand Gold (#C9A227)
- **Light Accent:** High-Light Gold (#E3C766)
- **Base Text:** Clean White (#FFFFFF / #F5F5F5)

Design Direction & Rules

- **Aesthetics:** Cinematic dark mode, high-contrast typography, premium gold accents, crisp 1px borders.
- **Strict Rule:** Gold is strictly reserved for CTAs, micro-interactions, icons, active navigation, and key headings.
- **Logo Integrity:** Supply exact vector logo. Zero distortion, proportional scaling across header and footer.

3. PLATFORM TECHNOLOGY STACK REQUIREMENTS

LAYER	RECOMMENDED STACK	KEY FUNCTIONAL OBJECTIVES
Frontend	Next.js / React / Tailwind CSS	Sub-second render speeds, responsive breakpoints, SSR for high-volume SEO.
Backend / CMS	Headless CMS (Strapi / Payload / Sanity)	Dynamic content management for Packages, Services, Portfolio, Case Studies, FAQs.
Database	PostgreSQL / Supabase	Relational structured storing for Leads, Inquiries, Service catalog, User profiles.
Integrations	SMTP Email, WhatsApp API, GA4	Real-time lead routing to team inbox and instant user confirmation.

4. NAVIGATION & SITE ARCHITECTURE MAP

The header must be sticky. On the homepage, it overlays the hero with a transparent backdrop, transitioning smoothly to solid dark (#050505) upon scroll. Mobile layout utilizes an off-canvas drawer menu.

NAV ITEM	PAGE ROUTE	PRIMARY CONTENT FOCUS	CONVERSION TARGET
HOME	`/`	Cinematic hero, 4 Core pillars, Service grid, Social proof	Get Started / Work
SERVICES	`/services`	11 Master Service Categories with detailed breakdowns	Individual Service Page
PACKAGES	`/packages`	Starter, Growth, Business, Enterprise + Monthly Retainers	Pre-filled Lead Form
PORTFOLIO	`/portfolio`	Filterable visual work grid & structured case studies	Start Similar Project
INDUSTRIES	`/industries`	9 Key Industry vertical solutions & tailored value props	Industry Consultation
CREATIVE HUB	`/creative-hub`	Learn, Train, Events, Opportunities, Community platform	Newsletter / Hub Join
ABOUT	`/about`	Mission, Vision, Values, Leadership & Team gallery	Company Trust
RESOURCES	`/resources`	Insights, digital products, articles, industry updates	Content Downloads
CONTACT	`/contact`	Direct details, WhatsApp link, location, simple contact form	Direct Contact
GET A QUOTE	`/quote`	5-Step interactive quote engine with multi-selection logic	Qualified Sales Lead

5. HOMEPAGE STRUCTURAL BREAKDOWN (CORE SALES PAGE)

Top Bar & Cinematic Hero

Top Bar: Location (Johannesburg), Phone, Email, Hours, Social Icons.
Hero Headline: CREATIVE. DIGITAL. TECHNOLOGY. BUSINESS.
Subhead: Creative Solutions. Real Impact.
Visual: Multi-media visual collage (Camera, Code, Production, Laptop) with animated gold accents.

Core Solutions (4 Pillars)

- **Creative Media:** Photo, video, graphic design.
- **Digital Solutions:** Web development, marketing.
- **Technology:** AI, automation, digital systems.
- **Business Growth:** Strategy, consulting, training.

About Section & Service Grid

About Headline: ONE PARTNER. MULTIPLE SOLUTIONS.
Includes high-end collage display and CTA to full About page.
Service Grid: Interactive cards for 11 services with hover border glow in gold.

Social Proof & Process

Includes client testimonials slider, 6-step visual roadmap, industry vertical links, and a high-converting dual bottom CTA bar (Quote / WhatsApp).

6. DETAILED SERVICE TAXONOMY (11 CATEGORIES)

Each service category must feature a standardized single page template: `Hero → Deliverables → Target Audience → Relevant Work → Packages → Process → FAQ → Quote CTA`.

01. Photography
Corporate, Property, Architectural, Product, Event, Portrait, Lifestyle, Branding.

02. Videography
Corporate Video, Promo, Events, Interviews, Social Video, Documentaries, Commercials.

03. Graphic Design
Logo Design, Corporate Identity, Profiles, Brochures, Flyers, Social Assets.

04. Digital Marketing
Social Media Mgmt, Content Creation, Paid Ads, SEO, Brand Strategy.

05. Web Development
Corporate Web, E-commerce, Landing Pages, Web Apps, Ongoing Maintenance.

06. AI & Technology
AI Solutions, Business Automation, Chatbots, Custom Software, Integrations.

07. Business Consulting
Strategy, Business Plans, Market Research, Funding Proposals, Growth Plans.

08. Event Management
Corporate Events, Product Launches, Activations, Production, Event Marketing.

09. Artist Management
Artist Development, Branding, Marketing, Bookings, Career Strategy.

7. PACKAGE TIERS & RECURRING GROWTH PLANS

Project Package Tiers — CMS Controlled

- **STARTER:** For individuals, startups, SMEs (Brand, Web, Content Starters).
- **GROWTH:** For expanding entities (Brand Growth, Web + Marketing).
- **BUSINESS:** Corporate level (Corporate Content, Retainers).
- **ENTERPRISE:** Fully tailored scalable solutions & enterprise proposals.

Monthly Retainer Plans — Recurring

- **Content Starter:** Monthly ongoing content creation.
- **Brand Growth:** Content + Graphic Design + Social Mgmt.
- **Digital Growth:** Marketing + Content + Web Support.
- **Full-Service Partner:** Creative + Tech + Strategy Retainer.

8. STRATEGIC CROSS-SELLING ENGINE MECHANICS

Automated Package Recommendation Logic

When a user selects or inquires about a specific core package, the system must trigger a dynamic "Complete Your Digital Presence" recommendation block on both the package detail view and quote form step.

```
IF SelectedPackage == "Website Development Package": RECOMMEND: ["Brand Identity Kit", "Professional Photography", "Google Business Setup", "Monthly Web Maintenance"] IF SelectedPackage == "Videography Package": RECOMMEND: ["Social Media Distro Package", "Graphic Banner Ads", "Video SEO Optimization"]
```

9. MULTI-STEP QUOTE ENGINE ARCHITECTURE

The `/quote` route is the critical conversion asset. It must operate as a smooth multi-step form with pre-fill parameters supported via URL query string (e.g., `/quote?package=website-starter`).

Step 1 & Step 2: Requirements

Step 1: Service Selection (Multi-Select): Photography, Video, Design, Web, AI/Tech, Consulting, Events, etc.

Step 2: Project Info: Project Name, Detailed Description, Key Deliverables, File Upload dropzone (PDF/JPG max 20MB).

Step 3, 4 & 5: Commercials

Step 3: Budget Range (ZAR): <R5k | R5k–R10k | R10k–R25k | R25k–R50k | R50k–R100k | R100k+ | Not Sure.

Step 4: Timeline: ASAP | <1 Wk | 2–4 Wks | 1–3 Mos | 3+ Mos | Retainer.

Step 5: Client Data: Name, Company, Email, Phone, WhatsApp, Submit Button.

10. DATABASE SCHEMA & LEAD MANAGEMENT MODEL

```
TABLE Leads ( id UUID PRIMARY KEY DEFAULT gen_random_uuid(), created_at TIMESTAMP WITH TIME ZONE DEFAULT NOW(), full_name VARCHAR(255) NOT NULL, company_name VARCHAR(255), email VARCHAR(255) NOT NULL, phone_number VARCHAR(50) NOT NULL, whatsapp_enabled BOOLEAN DEFAULT FALSE, selected_services TEXT[], -- Array of selected services package_id VARCHAR(100), budget_range VARCHAR(50), timeline VARCHAR(50), project_description TEXT, lead_status VARCHAR(50) DEFAULT 'NEW', -- NEW, CONTACTED, QUALIFIED, QUOTE_SENT, WON, LOST lead_source VARCHAR(100) DEFAULT 'WEBSITE_QUOTE_ENGINE' );
```

11. LEAD LIFECYCLE PIPELINE ARCHITECTURE

```
NEW LEAD → CONTACTED → QUALIFIED → QUOTE SENT → NEGOTIATION → WON (PROJECT) → RETAINER
```

12. PORTFOLIO & CASE STUDY FRAMEWORK

Portfolio filters: **ALL | PHOTOGRAPHY | VIDEO | BRANDING | WEBSITES | MARKETING | EVENTS | TECH**. Each item launches a dedicated case study containing: Client, Objective, Challenge, Solution, Result Metrics, Image Gallery, and a "Start Similar Project" button routing to the quote engine.

13. NON-FUNCTIONAL TECHNICAL REQUIREMENTS

CATEGORY	SPECIFICATION & PERFORMANCE STANDARD
Performance	90+ Mobile/Desktop PageSpeed Score. WebP/AVIF images, lazy loading, font optimization.
Security	SSL enforcement, server-side form validation, reCAPTCHA v3, POPIA consent check.
SEO Architecture	Dynamic Meta Title/Description, JSON-LD Schema markup, automated XML Sitemap, Robots.txt.
Analytics	GA4 event tracking for "Qualified Quote Request", WhatsApp clicks, and form starts.
Accessibility	Support for `prefers-reduced-motion`, aria-labels, high contrast focus states.

14. DEVELOPER DELIVERABLES & PRIORITY MATRIX

Phase 1: MVP (MUST HAVE)

- Home, Services (11 sub-pages), Packages Page
- Portfolio Engine & Case Studies
- 5-Step Quote Engine & Email Notifications
- About, Contact, CMS integration
- WhatsApp Direct Chat Integration
- Complete SEO & GA4 Event Setup

Phase 2: Scale (SHOULD HAVE)

- Industries Landing Pages (9 Verticals)
- Digital Products Storefront
- Monthly Growth Retainer Selector
- Creative Hub Content Engine & Blog
- Accordion FAQs & Interactive Calculators

15. FUTURE SYSTEM EXPANSION ROADMAP (PHASE 2 & 3)

Architectural Readiness for Future Modules

The system database and API layer must be structured to seamlessly integrate the following without requiring a core system rebuild:

- **Client Portal:** Invoice tracking, project milestone sign-offs, file proofing.
- **Online Booking System:** Date picker, service calendar lock, and deposit collection via PayFast/Ozow.
- **Creative Marketplace:** Multi-vendor platform for African creative freelancers.

FINAL BRAND POSITIONING MANDATE:
"YOUNG & MOLDED ORG — CREATIVE SOLUTIONS. REAL IMPACT."
